INTERAVIA

World Review of Aviation and Astronautics

INDEX TO VOLUME XIV - 1959

No. 1 New Weapons for Europe — with American Participation

No. 2 Air Freight 1959
The Anti-Missile Missile—A Myth?

No. 3 Mobility in Global War
The Tactics of Low-Level Bombing

No. 4 Electronics for Turbine Aircraft
Space Vehicles
Weapons System without Weapons

No. 5 Interim Report on Jet Travel
Research Laboratories in Space
The Vickers Vanguard

GENERAL SUBJECTS

No. 6 Guide to the Paris Air Show

No. 7 Focus on Ballistic Missiles
New U.S. Business Aircraft
Twelfth ICAO General Assembly

No. 8 Air and Space Show, Paris 1959
Trouble-Free Maintenance: Northrop N-156 F
Tupolev 114 Rossiya

No. 9 Preview of Farnborough 1959
A Catalogue of the Space Age

No. 10 Airline Presidents in Tokyo
Supersonic Transport—Farnborough in Pictures
Pillars of World Air Transport

No. 11 Gas Turbine Engines 1959
Why Go to the Moon?

No. 12 Helicopters
IATA in Tokyo
Japan's Aircraft Industry

INDEX BY SUBJECTS

The first number after each title refers to the issue, the second number to the page

International Organizations

ICAO

Short Distance Navigation ... Three Week Tug-of-War in Montreal — W. A. Wilson, Dr. E. Kramar, H. Capes: 4/364
Twelfth Session of the ICAO Assembly: 7/862
The Economic Field — E. M. Weld: 7/862
Air Navigation — T. S. Banes: 7/863
Legal Work of ICAO — P. K. Roy: 7/864
The ICAO Technical Assistance Programme — E. R. Marlin: 7/865
An Enduring Institution of Peace — J. Berrier: 7/866
The ICAO Assembly in Brief: 8/901
ICAO Forges Ahead — L. C. Boussard: 9/1118

IATA

The 15th IATA Annual General Meeting: 10/1203
IATA Ready to Meet Challenge of Jet Age — S. Yanagita: 10/1204
Forty Years of Cooperation under IATA — Sir W. Hildred: 10/1204
Role of the Annual General Meeting — S. R. Cohen: 10/1205
Sidelights on the Honolulu Traffic Conference: 11/1341
IATA as Lively as Ever: 11/1398
Tokyo, Temples and Tariffs: 12/1518

NATO

Where NATO Scientists Work Together — K. K. Parrot: 7/869

Political

Cooperation ... with reservations: 1/39
Weapons for Europe—with American Participation: 1/40
U.S. Defence Policy for Fiscal 1960: 2/125
The Deterrent Weapon in Navy or Air Force Uniform?: 3/239
No Luke-Warm War with a Strong Air Defence — A. T. King: 3/254
Brief Chronicle of Common Defence: 3/294
Towards New Appointments at the Pentagon: 6/741
For Whom the Bell Tolls (U.S. Defence Order Cutbacks): 10/1238

Air Transportation

The U.S. Airline Industry Strikes: 1/67
Blind Landings for Passenger Transports? — G. Charot: 1/89
An Investigation of Mid-Air Collisions: 1/95
Finding the Key to the Air Freight Market: 2/143
Aboard a KLM Freighter — P. Hausheer: 2/145
European Air Freight without Illusions: 2/150
Air Freight in the United States: 2/152
The Aircraft for Freight Operations: 2/156
ALPA on the Airline Strike Question: 4/345
Stabilizing Market Prices for Used Aircraft — R. I. Helliesen: 5/477
Towards the Golden Age in Air Transport?: 5/495
Jet Route Reconnaissance (London-Tokyo) — D. H. Wood: 5/497
U.S. Jet Traffic in its Freshman Year — D. Cornell: 5/502
The Jet Age is Here — L. C. Boussard: 5/508
Turboprop Airliners: 5/510
Convair, Boeing, Douglas... and Seven Questions on Supersonic Transport: 5/515
Financial Problems Posed by the Introduction of Jet Aircraft into Regular Airline Service — A. Crocco: 5/517
The Aims of Europair: 5/524
Air Transport Association 1958 Statistics: 6/605
Preparing Airline Timetables in the Jet Age — H. Scharlach: 6/687
The First Air France Caravelle Service — G. Février: 6/689
Airlines of the Middle East: 7/789
A Visit to the Federal Aviation Agency: 7/866
Air Travel for All (Prize Essay) — R. W. Spurgeon: 8/951
In the Supersonic 'Seventies — P. Masefield: 9/1086
Fares, Propellers and Jets — F. Robertson: 9/1095
Britain's "Mixed Economy" in Air Transport — S. Wheatcroft: 9/1105
From Moscow to New York by Tu-114 — A. P. Yakimov: 9/1131
Japan Air Lines Company Ltd: 10/1206
Airline Catering: 10/1207
Pillars of World Air Transport (Table of IATA Members): 10/1213
Air Travel for All (Prize Essay) — R. Nivet: 10/1228
The Case for the Supersonic Transport — H. L. Hibbard & R. A. Bailey: 10/1234
KLM Birthday Celebrations: 11/1378
Hawaii ... Garlands and Low Fares: 11/1396
All Aboard! (Commercial Helicopter Services): 12/1482
Sabena Helicopter Services — A. V. J. Vernieuwe: 12/1483
Helicopters in Soviet Civil Aviation — V. Nazarov: 12/1486
Far East Assignment (by Swissair from Geneva to Tokyo) — K. Regelin: 12/1516
What's Wrong with European Air Transport? — F. W. Petzel: 12/1538

Service Aviation

Mobility in Global War — P. M. Gallois: 3/240
The Role of the U.S. Navy: 3/246
Low-Altitude Nuclear Strike — K. A. Leppard: 3/265
The New Generation of British Low-Level Strike Aircraft — D. H. Wood: 3/266
Long-Range Fighters and Air-to-Air Missiles for Area Defence: 3/268
Is There an Answer to the Low-Flying Bomber? — S. C. Dunn: 3/269
New Tasks for the USAF's Tactical Air Command: 3/279
Missiles *and* Aircraft is Sweden's Answer: 3/281
The Alpha Approach — C. E. Myers: 4/386
A Medium-Calibre Mobile AA Battery: 7/846
Guided Missile or Piloted Aircraft? (Prize Essay) — U. Doerfel: 8/953
Strengthening the Tactical Deterrent in Europe (Martin Mace): 10/1240
Britain's Air Strategy — L. M. Chassin: 10/1268
Man or Missile? (Prize Essay) — J. J. Haggerty: 11/1418
The Rotorcraft in Warfare — L. M. Chassin: 12/1495

Aircraft

Commercial Aircraft:

The Amphibious Helicopter (Vertol 44) — N. C. Taylor: 1/58
Argosy & Co.: 2/163
Vickers Vanguard: 5/531
Boeing VC-137A: the U.S. Government's VIP Transport: 6/690
The Moskva in Geneva: 6/737
Aero Commander and Gulfstream: 7/841
Tupolev Tu-114 Rossiya: 8/986
The Canadair-Convair 540 Tours Europe: 10/1246
The Small Jet Airliner — the Need and the Answer (Hunting 107): 10/1255
Catalogue of Rotary-Wing Aircraft: 12/1488
The West's Heavy Helicopters: 12/1492

Military Aircraft:

The Lockheed F-104 Multi-Purpose Fighter in NATO's Arsenal: 1/43
The Fiat G. 91 Strike Fighter: 1/51
Grumman Super Tiger — Design Details and Production Methods — H. U. Tsakis: 3/282
Roll-Out of the Northrop N-156F Fighter: 7/840
Design for Minimum Maintenance — Northrop N-156F: 8/972
The Lightning Weapons System — D. H. Wood: 9/1081
Tactical Operational Trials of the Fiat G.91: 9/1116
Aer. Macchi MB.326: 10/1242
Catalogue of Rotary-Wing Aircraft: 12/1488
The West's Heavy Helicopters: 12/1492

Guided Missiles, Rocketry and Astronautics

Bristol/Ferranti Bloodhound: 1/54
The Multiple Applications of the Nord SS.11 Weapon System: 1/56
Aerojet Produces both Liquid and Solid Propellant Rockets: 1/69
Rockets, Missiles and Space Vehicles: 1/74; 2/168; 4/394; 5/548; 6/709; 9/1120; 11/1390
The Anti-Missile Missile—a Myth? — E. Burgess: 2/170
Boost Gliders and Atmospheric Entry — A. Eggers: 2/188
Missile Production at Douglas: 3/252
Wanted: Spacemen: 3/292
Pilots Beyond the Stratosphere: 4/390
Underground Dispersion of Long-Range Ballistic Weapons — E. Burgess: 4/412
Ballistic Missile Reliability — P. W. Powers: 4/424
Space Astronomy — K. R. Stehling: 5/536
Nuclear Tests in the Ionosphere: 5/547
NASA's New Rocket Booster Programme: 6/738
Protected Launching Sites for the Atlas: 6/740
The Intercontinental Missiles Arsenal: 7/807
Manufacturing the Atlas at Convair: 7/810
Development of a Modern ICBM — Testing the Titan: 7/812
Operation SKYCATCH (Polaris): 7/817
AVCO Nose Cone for Minuteman: 7/817
Development Problems of Rocket Engines for Ballistic Missiles — T. F. Dixon: 7/818
British Missiles over the Australian Desert: 7/835
Missile Testing in the Sahara: 7/838
The Jupiter Rolls Off the Assembly Line: 8/984
A Catalogue of the Space Age: 9/1122
The British Missile Programme: 10/1286
Why Go To The Moon? — E. Burgess: 11/1387
A British Space Flight Programme Based on Blue Streak — G.K.C. Pardoe: 12/1533

Powerplants

Afterburner Design and Development in Sweden — O. Svantesson: 1/6
Development Problems of Rocket Engines for Ballistic Missiles — T. F. Dixon: 7/818
Aircraft Engines at Le Bourget: 8/967
Motors for Guided Weapons: 8/968

General Keirn Urges Flight Testing of Atomic Powerplant: 9/1045
Crystal Gazing (British Engine Future) — F. R. Banks: 11/1359
Two Decades of Jet Propulsion: 11/1360
The British Aero-Engine Scene — J. H. Stevens: 11/1364
The General Electric J 85 Turbojet Engine — G. H. Ward: 11/1371
From Turbojet to Turbofan — Pratt & Whitney JT3: 11/1374
Development and Production of the Rolls-Royce Conway By-Pass Engine: 11/1376

Telecommunications and Electronics

Telecommunications and Electronics: 1/72; 2/187; 11/1393; 12/1536
Safety First!: 4/363
Decisive Step in Short Distance Navigation? — W. A. Wilson: 4/364
VOR/DME Becomes ICAO Standard until 1975 — Dr. E. Kramar: 4/366
Montreal—and After — H. Capes: 4/367
A Cross-Section of Modern Airborne Electronics: 4/368
The Comet 4's Radio Installation: 4/373
The Role of the Automatic Flight Control System in All-Weather Jet Aircraft Operations — R. V. Bruland: 4/376
Inertial Guidance for Long-Range Aircraft and Missiles: 7/822
Reliability in Inertial Systems — A. M. Voutsas & W. T. Chow: 7/823
LINS — Lightweight Inertial Navigation System: 7/824
British Radio and Radar Equipment (Table) — E. E. Warburg: 9/1111
Telecommunications and Electronics at Farnborough: 10/1244
Air Traffic Control Data Handling and Display Equipment — F. M. Law: 10/1257

Airborne and Ground Equipment

A Compact Navigational Computer — F. M. Kirr: 1/87
Recent Products of the Equipment Industry: 2/190; 4/427; 5/557; 11/1393
Bendix in Europe: 3/295
Giant Airfield Refueller for the Jet Age (Strüver): 3/295
A Weapons System without Weapons: 4/383
Automation in Aviation Ground Services — W. Treibel: 5/521
Auxiliary Power for the Jet Age: 5/550
The ANADAC System of Navigation Instruments: 6/735
The Army-Navy Instrumentation Program: 12/1511
Helicopter Stabilization — N. C. Taylor: 12/1512

Research and Technical

NASA Gets off to a Fast Start: 3/291
AIA Annual Forecast: 9/1133
Review of Aeronautical Research in the Federal Republic of Germany — A. W. Quick: 11/1413
The Army-Navy Instrumentation Program: 12/1511
Helicopter Stabilization — N. C. Taylor: 12/1512

Industry

Union Syndicale des Industries Aéronautiques: 1/21
A Visit to the Czechoslovak Aircraft Industry — E. Baur: 1/63
Lucerne, a Centre of the Aircraft Industry: 2/175
U.S. Aviation Stocks, Capital, Dividends, Prices, etc.: 3/221
The Changing Role of the Aircraft Manufacturer in the Missile Age: 3/250
Missile Production at Douglas: 3/252
Aviation and the Leipzig Spring Fair — E. Baur: 4/407
A Searching Look at the French Aircraft Industry — G. Février: 6/624
Tour de France Aéronautique — E. Baur: 6/627
The French Electronics Industry — L. M. Chassin: 6/637; 8/961
Italy's Production Effort — G. Lourier: 6/641
Long-Term Programmes for the French Industry: 1950 and 1959 — P. M. Gallois: 6/645
Britain's Aircraft Industry Closes its Ranks : I — An Overall Appreciation — D. H. Wood: 9/1064 ; II — Individual Objectives — E. K. Barnes: 9/1065
The World's First Satellite Plant (Lockheed): 11/1399
An Old Industry Makes a New Start (Japan): 12/1520

Biographical and Historical

Canada's Aviation, 1909-1959 — R. Willmot: 2/173
Air France's Fortieth Anniversary: 4/411
Fiftieth Anniversary of Fiat-Aviazione: 6/706
Sorry, Mr. Hughes is not at Home: 9/1115
Fifty Years Old and Still Going Strong (Helicopters): 12/1480

Exhibitions and Congresses

Paris Air Show

The Fifth Republic's First Air Show: 6/623
The New World's Visiting Card: 6/663
The United Kingdom in Paris — D. H. Wood: 6/668
An ABC of European Exhibitors: 6/672
The Golden Jubilee of the Paris Air Show: 8/919
Weapons for Fighters and Strike Aircraft: 8/931
The Missile Show — Europe-USA: 8/932
The Paris Equipment Fair: 8/943
Aircraft Engines at Le Bourget: 8/967
Motors for Guided Weapons: 8/968

Farnborough:

Introducing Farnborough — Aubrey Jones and George Ward: 9/1063
Telecommunications and Electronics at Farnborough: 10/1244
Britain's Air Strategy — L. M. Chassin: 10/1268
Impressions of the 20th SBAC Display: 10/1271

The 13th Annual General Meeting of the American Rocket Society: 1/90
Aviation and the Leipzig Spring Fair — E. Baur: 4/407
World Congress of Flight: 6/699
The 1959 German Air Show, Hanover: 6/702
The London Space Congresses: 10/1185

Interavia Essay Competition

The Prize-Winners: 7/807
In the Steps of the Brothers Goncourt: 8/949
Prize-Winning Essays:

Air Travel for All — R. W. Spurgeon: 8/951
— R. Nivet: 10/1228
Man or Missile? — U. Doerfel: 8/953
— J. J. Haggerty: 11/1418

Miscellaneous

Progress in Pictures: 2/166; 5/535; 6/704; 10/1236
Notes from the Flight Deck: 4/426; 5/555
On to the Golden Age!: 5/507
Sidelights from Moscow: 6/678
On "Fielding's Travel Guide to Europe": 6/742
From Moscow to New York by Tu-114 — A. Yakimov: 9/1131
AIA Annual Forecast: 9/1134
Civil Defence of the Future — E. Hampe: 10/1283
Punishable Offences Aboard Aircraft: 11/1420
Life-Savers in the Alps: 12/1499
A Light in the Dark (Scotchlite): 12/1500
The RAF Search and Rescue Service: 12/1514

Index of Tables

U.S. Aviation Stocks, Capital, Dividends, Prices, etc.: 3/221
Airborne Electronics for Jet Airliners: 4/369
Reciprocating and Gas Turbine Engines: 8/970
British Communications Equipment, Navigation and Landing Aids: 9/1111
Satellites and Space Probes: 9/1122
Pillars of World Air Transport (IATA Members): 10/1213
Turbine-Powered Airliners: 10/1230
Jet Engine Development 1939-1959: 11/1362
